FYI, Anna \_\_\_ (per Kathy, a political deputy in OW) will be speaking to the Florida League of Cities next week and asked if there were a public-facing fact sheet on the status of Florida's assumption efforts. There isn't, and it would get outdated quickly if it contained much detail, but I pointed Kathy to the talking points we give the RA every other week. Meanwhile, Kathy and others were also pulling together talking points. Below and are attached are the various versions of talking points so far. I don't see any that are incorrect. Interestingly, an ESA position is in the mix. This is just an FYI; the ask is of OW to put anything together.

Here is what I was just about to send to you all. I can't find your incoming sent this am. I really hate my computer and these systems.

FYI, unprompted by anyone here, this is what the IO put together. Not sure they will be of use, but perhaps you could just tweak these?

Thanks  
Patrick

Patrick – Anna is speaking with a group of Mayors from Florida next week. Can you take a look at these and let me know if there are any errors or updates? Specifically, I'm wanting to provide the most up-to-date information regarding our 404 work with Florida.

Deadline is 3pm today. Thank you!
